

Request for Quotations

Purpose of this Document The Gauteng Film Commission (GFC) wishes to appoint suitably qualified and experienced Service Providers to conduct Internal Network Vulnerability Assessment

The following documents need to accompany the quotations.

- Tax clearance certificate accompanied by a pin for further verification.
- Certified BBBEE certificate and CSD Registration number
- Completed [SBD 4.8.9](#) and [6.1 forms](#)

Completed quotes must be submitted via email to quotes@gautengfilm.org.za by no later than 17 November 2023. Any information contained in the quotes or proposal that is proprietary must be clearly marked as such and will be treated as confidential

Technical inquiries should be directed in writing to Mr. Isaac Mokgaphane isaacm@gautengfilm.org.za

Evaluation Process PRICE AND BBBEE POINTS

The 80/20 preferential point system as per the [Treasury Framework Act of 2000](#) will be applied.

Specification

Internal Penetration Testing: Network level reconnaissance and penetration test of internal facing systems at GFC (unauthenticated). Service Provider should propose several best practice testing activities including tests or tools that will help GFC to determine validity of firewall ACL within the environment.

Remediation Assistance: Service Provider shall include in their proposals the cost (hours) that can be used by the GFC as needed for remediation.

The appointed service provider/s will be expected to deliver on the following specification

Item	Quantity
Internal Patch and Vulnerability Analysis Analyse and do Patch Level Assessment and Vulnerability posture Analysis of Internal LAN, Endpoints, Servers and IP devices on LAN.	50 Devices
Produce Security Posture Report and remedial action recommendations	1
